

FIGHTING IN PROGRESS ON GERMAN TERRITORY

FRENCH CLAIM TO HAVE OCCUPIED DOMINATING POSITIONS

Prussians Claim Attacks of French Have Failed—British Report Capture of Hill—Petrograd Continues to Report Minor Successes in the Carpathians.

London, April 19.—(10:19 p. m.)—Activity prevails along the western battle line, but seems to partake of the nature of isolated engagements instead of a general offensive. Artillery duels have taken the place of the fierce hand-to-hand fighting which has been the feature of the recent struggle along the Meuse and near the Lorraine border, but the latter type of combat continues in the Vosges where, the official statements of both sides agree, sharp fighting is taking place on German territory. The combatants, however, ends with this fact, the French claiming to have occupied dominating positions here and the Germans declaring that the attacks of the French have failed.

Claim Capture of Hill.

From the British end of the lines comes the report, officially issued by the war office at London, that Hill 60, an important point two miles south of Zillebeke, Belgium has been captured from Germans. The German communication tells of driving the British out of the minor German positions which were occupied by them in the neighborhood of Hill 60.

Petrograd continues to report minor successes in the Carpathians, showing that the fighting has not been entirely suspended near the passes, but the Russian, Austrian and German official reports agree that spring has virtually put an end to all activity along the remainder of the eastern front. Various rumors are current regarding the central powers. Austria, through the medium of Venice, is credited with receiving with consternation the news of the extension of the landsturm service to all classes between the ages of 18 and 50 years, while Rome sponsor for the statement attributed to a high German authority that the German general staff has discarded all plans for an advance on the French front, deciding simply to remain on the defensive.

Operations Underway in Dardanelles.

It is again unofficially announced that operations are underway in the Dardanelles, where the Turks are reported to be building defenses with all speed against landing parties but the news of the breaking up of the fleet at Archangel, the only large seaboard on the north coast of Russia, may induce the entente allies to be more deliberate in their attempts to unlock the route to the Black Sea.

The irritation in Holland over the torpedoing of the Dutch ship-Katwyk has been greatly allayed by Germany's expression of her willingness to make an apology and pay an indemnity if it is found that the sinking of the vessel was due to a German submarine.

ASSERTS SOME OF THE FIGURES OF RAILROADS ARE ERRONEOUS

CHICAGO, April 19.—Assertion was made today before W. M. Daniels, inter-state commerce commissioner before whom testimony is being given in the western freight rate case, that figures presented in some of the railroad statistical exhibits were erroneous and that some comparisons made by railroad witnesses were without value. The contentions were presented by E. L. Hogeland, of Topeka, Kansas, former rate expert of the Kansas railroad commission, a witness called by the committee of state railroad commissions who object to the proposed advance in freight rates on certain commodities asked by forty one western railroad systems.

THE TESTIMONY OF MR. HOGELAND

was primarily on the proposed advance of one cent a hundred pounds on grain freight charges.

WAS NOT PETERSBURG ROBBER.

A suspected colored man picked up in the C. & A. yards yesterday afternoon when Jacksonville police were on the lookout for the perpetrators of a series of robberies in Petersburg, proved to be all right and was released. The officers had instructions to watch a southbound freight but the latter went through the city at a high rate of speed and no one got off. A negro giving his name as Charles Bailey of this city was shot Monday on resisting arrest by Constable George Griffith of Tallula. He was brought to a hospital in Springfield and is in a dying condition with a wound in the abdomen. Authorities here thought perhaps Charles Deley was meant, but found on investigation that the man of that name known here has been in the city all the time and could not have been implicated in the robbery and burglary in Petersburg.

LOT SALE IS RUMORED.

An unverified report is in circulation that the Greenleaf lot on West State street has been sold to persons now living in California. It is said the purchaser expects to utilize the site for the erection of an apartment building.

TWENTY-ONE TERRE HAUTE MEN SPEND FIRST NIGHT IN PRISON

Will Go Out Into the Various Tasks Assigned to Them This Morning—Sixteen Make Trip in Special Car.

Leavenworth, Kansas, April 19.—Twenty-one city officials and former officials of Terre Haute, Indiana, convicted in the election conspiracy cases there, spent tonight in the United States penitentiary here as prisoners, serving time for their crimes. Tomorrow they will go out into the various departments of the big institution to the tasks assigned them by Warden Thomas W. Morgan, each man drawing the job that the warden's investigation of his habits and health showed him most capable of filling.

Fifteen of the men, led by Donn M. Roberts, the mayor, came to the prison this morning in a special car and were put through the entrance routine, while six, under special permission of the federal court at Indianapolis, came unaccompanied today. While guards and officials on the train reported that the convicted men had laughed and joked on the journey from Indianapolis, their demeanor, once inside the prison, changed and officials said they had never seen a more sober, better disciplined group of men.

STRIKING CARPENTERS AGREE TO PROPOSITION FOR MEDIATION

Arbitration Board Adjourns Until Thursday and Contractors Are Not Expected to Give Out Decision Before Then.

Chicago, April 19.—Striking carpenters, through John Metz, president of the carpenter's district council and chairman of the carpenters' committee, meeting with the state board of arbitration agreed today to a proposition for mediation. Mr. Metz said the carpenters would not return to work while mediation is pending. The state board of arbitration adjourned until Thursday and until then the carpenter contractors are not expected to make public any decision they may reach regarding the acceptance of mediation. The state board of arbitration members began their efforts to settle the strike, which thus far has thrown 125,000 wage earners out of employment, by sending a lengthy letter to each side of the controversy. In these letters it was pointed out that the state of Illinois was vitally concerned and that great loss would result if the strike were not settled speedily. Each side was asked to accept arbitration.

Two non-union carpenters were beaten into unconsciousness today while they were at work on a new church building.

Their assailants escaped in an automobile. The injured men were taken to a hospital.

AFFIRMS ACTION OF U. S. DISTRICT COURT

SAYS FRANK WAS DENIED NO RIGHT UNDER THE CONSTITUTION

Decision, It Is Believed, Exhausts All Means of Fighting in the Courts to Save Frank's Life—Has Thirty Days to File Application For Re-Hearing.

Washington, April 19.—The supreme court today held that the state of Georgia had denied Leo M. Frank no right under the federal constitution in sentencing him to death for the murder of Mary Phagan, an Atlanta factory girl. The court affirmed the action of the United States district court for Northern Georgia refusing to release Frank on a writ of habeas corpus. Justice Pitney announced the opinion.

Justice Holmes delivered a dissenting opinion in which Justice Hughes concurred. This decision, it is believed here, exhausts all means of fighting in the courts to save Frank's life. His attorneys will have however, thirty days in which to file an application for a re-hearing. At the end of that time the court's mandate will issue, and apparently only the possibility of a pardon will be between the prisoner and death.

The habeas corpus proceeding rested on claim that the trial court had lost jurisdiction over the prisoner by reason of "mob domination" during the trial and by Frank's involuntary absence at the time the verdict was rendered. It was claimed this denied him due process as guaranteed by the federal constitution. The majority of the court held that the findings by the supreme court of Georgia that the alleged "mob domination" amounted to nothing more than irregularities not prejudicial to Frank should not be disturbed upon the mere assertion of the prisoner that the facts were otherwise than as found. This was so, the court held, especially as the prisoner withheld from the court affidavits he had presented to the state courts on the subject of disorder during the trial.

Justice Holmes Dissents.

Justice Holmes in his dissenting opinion declared that loss of jurisdiction by the trial court could not be restored by any decision by a higher court and declined to accept the findings of the Georgia supreme court as conclusive. He said if the allegations in Frank's petition for habeas corpus were true and the facts were before the Georgia supreme court, that court sanctioned a situation upon which the federal courts should act. If the facts were not before the state supreme court he added, it was the duty of the federal court to declare lynch law as little valid "when practiced by a regularly drawn jury as when administered by one elected by a mob intent on death."

The dissenting justices held the case should be sent back to the district court for the taking of evidence on the petition. They said, however, that they were not impressed with the argument that the presence of a prisoner at the time a verdict was rendered was required by the constitution.

PASSENGER HAS SMALLPOX; STEAMER HELD UP AT FRISCO

SAN FRANCISCO, Calif., April 19.—Toyo Kisen Kaisha steamer Chiyu Maru was held up at Quarantine today when she arrived while crew and passengers were examined for smallpox due to the illness of Elizabeth Batchelder, ten year old daughter of Mrs. E. J. Wilson, who developed smallpox ten days ago, making necessary the vaccination of the 336 passengers aboard. Mrs. Wilson is said to have inherited a fortune of more than \$2,000,000 from her former husband, J. D. Batchelder, a lumberman of Clinton, Iowa.

War News Summarized

Fighting at various isolated points from Western Belgium to the Vosges mountains has resulted, according to London and Paris, in defeats at several places for the Germans, in the capture and occupation by the allies of Terrain or in the holding back successfully of vicious attacks and counter-attacks.

In the eastern war zone, up in the Carpathian peaks and passed somewhat of a lull as compared with previous days seems to have fallen on the operations of the Russian and Austrian armies, while in Poland almost complete quiet prevails.

To the south of Zillebeke in Belgium a bill which dominates the country and northwest, has been captured and consolidated by the British says London, after a sanguinary engagement with the Germans.

Repeated counter attacks failed to force the Britons out of the trenches and in front of the captured positions, when the fighting ended, hundreds of dead were lying.

According to Paris a further advance in the Vosges by the French has been made on both banks of the Feth river, the Germans evacuating Eselbrucke and abandoning large stores of war materials. A German counter-attack at Les Eparges was repulsed an infantry engagement with no advantage to either side was fought in the Montmore wood and the French had the advantage of an artillery engagement in the region of Regnieville.

Vienna characterizes as unimportant the only fighting that has been going on in the Carpathians, while the latest official communication issued in Petrograd deals with battles which occurred Sunday and earlier.

INDICATES WILLINGNESS TO MAKE REPARATION FOR LOSS OF SHIP

Will Express Sincere Regret and Offer Full Compensation if Injury Proves Dutch Ship Was Sunk by Submarine.

London, April 19.—(6:47 p. m.)—The German government's willingness to make reparation for the sinking in the North Sea last week by a German submarine of the Dutch steamer Katwyk is indicated in a Reuter despatch from Amsterdam. This message says semi-official announcement was made today at The Hague that the German government, acting on its own initiative, sent the following declaration to the Dutch government:

"Neither the German government nor the German naval authorities, as is self-evident, had the intention of attacking a Dutch vessel. Notwithstanding this, the German government thinks it possible that owing to an unfortunate accident the Katwyk has been torpedoed by a German submarine.

"At once, after the event became known, the German government ordered an inquiry and requested the Dutch government to send to Berlin an official report on this subject which can give enlightenment. If inquiry proves that the Katwyk has been sunk by a German submarine the German government will express unhesitatingly its sincere regret and offer full compensation."

SENDS OUT INQUIRIES COVERING THE COST OF MORE EQUIPMENT

Pennsylvania Company Asks for Cost of Material for 6,500 Freight Cars, Fifty Locomotives and Thirty-five all Steel Passenger Cars.

Pittsburgh, Pa., April 19.—The Pennsylvania company, operating the lines west of Pittsburgh today sent out inquiries covering the cost of materials for 6,500 freight cars, fifty locomotives and thirty-five all steel passenger cars. There were not included in the inquiries made Saturday by the Pennsylvania railroad company for prices on equipment.

The Pennsylvania Lines have normally 90,000 cars, with an ordinary annual vacancy of five thousand cars. No cars were ordered last year and any orders to be placed this year, it was stated would be in the nature of replacements and not additions to equipment. This latest inquiry when added to that made by the Pennsylvania railroad last Saturday gives a total inquiry by the Pennsylvania system of 16,245 freight cars, 195 locomotives and 191 all-steel passenger cars.

PRESIDENT URGES NEED OF SELF POSSESSION

ADDRESSES OPENING SESSION OF CONGRESS OF D.A.R. IN WASHINGTON

States Self-possession is the Supreme Test of a Nation's Mettle and Urges the Congress to Rally to the Cause of Righteousness.

Washington, April 19.—The need of self possession, calmness and a judicial temperament on the part of the United States in the present world crisis was urged today by President Wilson in a speech before the opening session of the twenty-fourth continental congress of the Daughters of the American Revolution. The president said self possession was the supreme test of a nation's mettle and urged the congress to rally to the cause of righteousness, has ministered by those who hold their minds quiet and judge upon principle.

Ambassador Jusserand Speaks. Following the president's speech Ambassador Jusserand of France told the congress that the United States had behaved in the European crisis in such a way as to command the gratitude and thankfulness of the world.

"We in France," he said, "have learned to know what the American heart is made of—the pure American gold that is in it. I am glad that I may affirm the thanks of France for the generosity of America—the neutral United States."

The ambassador said the "chief question in the European struggle," was the same problem that confronted America in revolutionary times.

"We thought we had solved the problem of human liberty," he added. "But it again confronts us. It will be solved now just as it was solved in former times, as it was solved in the trenches at Yorktown."

The president in his speech declared that he could speak only in general terms and that it was "indiscreet for him to speak even in that way."

QUATTERS STAMPEDE TO OCCUPY SIXTY ACRE TERMINAL TRACT

Many Prominent Business Men and Some Women Are Among the Squatters Who Have Armed Themselves With Rifles to Prevent Claim Jumping.

Seward, Alaska, April 19.—Rumors that the Alaska Engineering commission had decided to throw open to settlement the sixty acre terminal tract here acquired by the government with the purchase of the Alaska northern railroad caused a stampede of squatters who have occupied almost all of the tract. Many prominent business men and several women are among these squatters who have armed themselves with rifles to prevent claim jumping. There have been several minor quarrels but as yet no one has been hurt.

United States District Judge Fred M. Brown had planned to obtain the use of the tracks as temporary camp for the hundreds of men who are hurrying to Seward from all parts of Alaska and from the United States as a result of the announcement that Seward would be the tide-water terminus of the government railroad to Fairbanks.

Deputy United States Attorney Whitley said today the land belonged to the Alaska Northern until the sale of the road to the government was completed, the payment July 3rd of the first \$500,000 on the \$1,500,000 purchase price.

Mr. Whitley said he would not interfere with the squatters unless the railroad company filed a complaint of trespass.

One Provides for Passenger Rate Increase and the Other for a State Commission to Control Fire Insurance Rates.

Springfield, Ill., April 19.—What are considered two of the most important bills before this session of the legislature will be brought to a focus before house committees this week when the legislature reconvenes Wednesday.

One is the O'Rourke bill, increasing passenger fare rates in Illinois from two to two and one half cents a mile and the other is the Kinehart bill prepared by state insurance superintendent Rufus M. Potts, providing for a state insurance commission to control fire insurance rates.

Presidents of practically every railroad in the state will be before the house public utilities commission Wednesday afternoon to speak in behalf of the passenger fare advance. Opponents of the passenger fare bill will be heard a week from Wednesday. Representatives of the fire insurance companies opposed to the Potts bill will have their inning before the house insurance committee Wednesday. CONSULAR ADVICES CONFIRM CARRANZA CLAIMS OF VICTORY

Villa's Losses in the Six Days' Fighting at Celaya, Ending Saturday, are Estimated at 6,000 Killed and Wounded.

Washington, April 19.—Consular dispatches from Mexico reaching the state department today confirmed the Carranza claims of a great victory for General Obregon over General Villa at Celaya and told of the latter's retreat northward destroying the railroad as he went. Villa's losses in the six days fighting ending Saturday were estimated at 6,000 killed and wounded.

Fourteen troop trains carrying the defeated chieftain and his battered army arrived yesterday at Aguas Calientes, 125 miles north of the battle ground around Celaya and Irapuato.

With these reports the department gave out a summary of advice from the west coast transmitted by Rear-Admiral Howard, saying "the Villa movement on the west coast is apparently collapsing and indications point to the control of the entire west coast by Carranza in a few weeks."

From the border too came confirmation of the reported withdrawal southward of Villa forces which have been besieging Matamoros.

Officials here would not be surprised in view of all the developments of the past few days if Villa had difficulty in maintaining his line of communications to the American border. The loyalty of some of his garrisons is said to be questioned. It also is said that with Zapata cut off from communication with the north occupation of Mexico City might be accomplished by Obregon with little difficulty.

GERMAN SUBMARINE TORPEDOES AND SINKS TRAWLER VALLA

LONDON, April 20.—(12:30 a. m.)—The admiralty has issued the following statement: "Yesterday a German submarine torpedoed and sank the trawler Valla. The trawler Fermo endeavored to rescue the crew but was fired at and driven off.

"All the crew of the Valla were lost. This killing of fisherfolk for no military purpose should not escape attention. It is the second murder of this character committed within a week. A careful record is kept of these events."

DISCHARGE MEN WHO REFUSE TO PAY FOR DRINKS.

Chicago, April 19.—Two men who were arrested after they refused to pay for drinks which they bought in a saloon yesterday were discharged by Judge William N. Gammill in the municipal court here today.

COMPLETE JURY FOR ROOSEVELT LIBEL SUIT

TWENTY-TWO TALESMEN EXAMINED BEFORE BOTH SIDES ARE SATISFIED

Court Denies Defendant's Motion to Dismiss—Actual Taking of Testimony Will Begin Today after Opening Address of Barnes' Counsel.

Syracuse, N. Y., April 19.—The jury which will try William Barnes' suit for libel against Theodore Roosevelt was completed in the supreme court here late today. It is composed of seven Republicans, three Progressives and two Democrats. Twenty-two talesmen were examined before both sides announced that they were satisfied with the 12 men in the box.

List of Accepted Jurors.

- The list is as follows:
1. (Foreman) Henry Hogue, clerk, Republican.
2. Irving J. Mills, wood worker, Republican.
3. Walter J. Zuill, manager, Republican.
4. Franklin S. Rhoades, farmer, Progressive.
5. Leonard K. Hungerford, painter, Progressive.
6. F. W. Pierce, carpenter, Republican.
7. Warren H. Somers, grocer, Republican.
8. Ray Tanner, farm hand, Democrat.
9. John W. Brown, farmer, Republican.
10. George Boschert, manufacturer, Progressive.
11. Edward Burns, motorman, Republican.
12. Peter Bencke, coal dealer, Democrat.

Deny Motion to Dismiss.

Immediately after the jury had been completed counsel for Colonel Roosevelt made a motion to dismiss the complaint against their client upon the ground that such allegations as he made in the statement upon which the suit is based were privileged and that in naming Mr. Barnes and Charles F. Murphy of Tammany Hall as the controllers of "rotten government" in the state of New York, he did not mean anything personal or to imply that either of the two men had in anyway profited by the alleged "rottenness." The motion was denied by Justice William S. Andrews, presiding.

Actual taking of testimony will begin tomorrow upon the conclusion of the opening address of William M. Ivin, chief of Mr. Barnes' legal staff. The first witnesses will be newspaper men to whom Colonel Roosevelt issued the offending statement. Other newspaper reporters who have interviewed Colonel Roosevelt during the last five years also will be called and photographs from various sections of the United States in which alleged libelous statements claimed to have been made by Colonel Roosevelt appeared, will be presented in evidence it was said. This testimony will be offered in an effort to prove publication of statements issued verbally and in writing by Colonel Roosevelt.

Counsel for Mr. Barnes said tonight that they would make an effort to show that Colonel Roosevelt began to make statements which they consider libelous during the Syracuse convention of 1910, when he defeated James S. Sherman, former vice-president of the United States as candidate for chairman.

The Barnes attorneys said further that some of the newspaper reporters would be called upon to testify regarding certain verbal statements Mr. Roosevelt made to them in amplification of written statements he had prepared. One of these statements, it was stated, was made when Colonel Roosevelt was sailing for Spain to attend the wedding of his son and another was made when his son and another was made when South America on a hunting trip.

After Mr. Barnes' attorneys have presented this evidence the defense will begin its case. As only two of the great number of witnesses summoned for the defense were in Syracuse tonight, it was presumed that Colonel Roosevelt's first witness would not be called before Wednesday, if then.

Court Room is Crowded.

Although there was room in the court for less than fifty spectators, a great crowd of curious men and women stood in the corridors and outside the building all day. Fifty policemen preserved order.

The citizen who casts a ballot on election day is simply performing a duty which goes along with the rights of citizenship.

Vote early today. Vote for one good candidate for mayor; four good candidates for commissioner; against the salary reduction ordinance and in favor of the anti-tuberculosis tax.

If you go to the polls today and are disappointed with the result you will have the right to "kick" later on at the administration. If you stay away from the polls and let other people choose the officials, don't growl about the result.

What is a Polymuriel?

The polymuriel committee of New York City has offered a first prize of \$150 for the best design for a polymuriel. There have been committees and committees, and reforms and reforms, but the ideals and purposes of this committee will never be realized until women have changed mightily for this is the definition of the polymuriel, "a universal gown for women, proper for all occasions, built on formal lines, offering opportunities for convertible, pleasing effects and undergoing no seasonal or yearly changes."

Salaries Should Be Fair.

Men and women who go to the polls today should not forget to express their opinion as to the proposed salary ordinance. To carry the ordinance, which provides for a salary of \$900 for mayor and \$600 for the commissioners, it is necessary only that a majority of the votes cast upon that particular proposition be favorable. The proposed reduction in salaries is so radical and so out of line with the spirit and intent of the commission form act that there is little to be said in favor of the ordinance.

On the contrary, the people want efficient public servants and want them to devote their time very largely to city affairs, and should expect to pay in proportion for the service desired. For this reason it does not seem likely that a great number of people will today vote in favor of the salary decrease, but those who are opposed to the decrease should not neglect to express their views with the feeling that if they do not vote at all that they are on record as opposed to the reduction. As stated before, if the majority of those votes cast upon the proposition are in favor of it the ordinance will have been adopted.

Borah Not a Candidate.

Senator Borah who has ranked well as presidential nominee possibility on Republican ticket has eliminated himself in a statement just issued. He says he will not seek the nomination and will not enter the race. Senator Borah is a progressive Republican whose principles have been frequently emphasized and whose course has been such as to win the respect and kindly feeling of his own party and the Third party members as well. In his statement he said:

"If by chance the party should nominate me," he said, "I would accept, of course. To pretend otherwise would be absurd. But I shall not seek the nomination, nor have I the slightest expectation of its coming my way."

"I should not consider the matter worth mentioning at all but for the inquiries that I have received and for the circumstances that I am going to make a few speeches that I promised to make, and should have made long ago. If we had not been kept continuously in Washington."

"The sole purpose of this statement is to make it quite clear to those who may come to hear me that I shall speak my convictions as a liberal Republican, as a free man, wholly unhampered by political aspirations."

Labor Dispute Decision Expected.
Decision is expected today from the board of arbitration in the great dispute between the 60,000 employees of the 93 western railroads and the great lines of the west. So great are the issues involved, so vital to both sides of the big dispute, that an adjustment is looked for that will placate both sides of the controversy. A gigantic strike of the railroad workers was narrowly averted last year. The railroads were equally insistent on their position against the granting of higher wages and more favorable working conditions. The crisis was averted by mediation of the federal government.

The decision which is expected today will end the biggest industrial arbitration ever conducted in the United States. Ever since November 30th last, six mediators have been questioning witnesses and hearing arguments on both sides. The exhaustive testimony, the grueling grind of words and arguments fill

many volumes. To sort and weigh the testimony, to consider facts and figures, the condition of work as affecting the men and their employers, the justice or injustice of demands and refusals, the sacredness of property rights and of human rights, the entire fabric of the economic problem of modern transportation; these are but part of the great labor of the mediators.

Speed Law Violators.

Speed law violators in Jacksonville are numerous among automobile drivers. Recently more than usual recklessness has been displayed and unless there is a change it is only a question of time until there is a serious accident. Car drivers dash around the square and through the business section at terrific speed.

Violations of the ordinance relating to closed "mufflers" are also numerous and while these do not offer a menace to safety they cause a lot of annoyance. The police department is aware of the increasing tendency to ignore the speed and other traffic laws and orders have been given for a stricter watch to be kept for offenders.

It is not a pleasant task to arrest car drivers but this is to be the order where there are law violations. The increasing number of cars makes the order imperative.

The section of the traffic law relating to "mufflers" is as follows:

Sec. 33. That it shall be unlawful for any person using, driving, or operating any automobile, motorcycle or motor vehicle, to use, drive or operate the same on the streets, alleys and public places within the corporate limits of the City of Jacksonville, any automobile, motorcycle, or motor vehicle which has not a muffler in a proper, efficient working condition; and it shall further be unlawful for any person to operate, or for the owner of any automobile, motorcycle or motor vehicle to permit to be operated, any such automobile, motorcycle or motor vehicle on the streets, alleys or public places within the corporate limits of the City of Jacksonville with the muffler cut out or not in operation.

Mrs. Susan Parrott Lovejoy, widow of the late H. Stillman Lovejoy, passed away last Friday at the home of her sister, Mrs. J. N. Gettys in St. Louis.

In the year 1886 she was united in marriage to H. Stillman Lovejoy and they came to this city to reside. After making their home in Jacksonville for almost 25 years Mr. and Mrs. Lovejoy moved to Springfield, where they made many friends and where Mr. Lovejoy preceded his wife in death two years ago.

Mrs. Lovejoy was an active member of the Second Presbyterian church in Springfield at the time of her death, and was secretary of the Daughters of the American Revolution in which society she was an enthusiastic member. She was also a member of the Travelers Aid, and the Springfield Art club. She is survived by two sisters, Mrs. Joseph N. Gettys of St. Louis and Miss A. Maybelle Parrott of Springfield, and three brothers, William H. and Herbert Y. Parrott of Dennison, Texas, and Arthur H. Parrott of Rushville.

GOOD WORDS FOR MISS BALDWIN AS DOMESTIC SCIENCE TEACHER

The many friends of Miss Isabelle Baldwin will learn with much gratification of the success which is being awarded to that young lady in her career, as an instructor in the art of cooking in the domestic science department of the high school in Milwaukee, Wis. Miss Baldwin is a member of the well known Baldwin family of this city and vicinity where she was born and grew to womanhood. For two years she taught in this city and after leaving here, she was similarly engaged in Starks, Maryland and she is now engaged in Milwaukee.

One of the Milwaukee newspapers in a recent issue has this to say in regard to a contest among the breadmakers of the school:

"There is no danger of the girls in the Fresman class of the West Division High school turning out any old maids, provided, Milwaukee masculinity gets a tip as to the sort of bread and biscuits they can bake. 'Yesterday' afternoon forty six students donned big white aprons, lighted the fires under their ovens and with rolling pin in hand entered the prize contest arranged by Miss Isabelle Baldwin, head of the cooking department. They stirred and they rolled, and they mixed and then they placed tins, each containing four biscuits or one loaf of bread into their ovens. The biscuits were all of an even brown and tempting to look at, so much so that the judges were more than two hours in arriving at a decision as to whom the winners were."

"There were forty six contestants and the judges, three young ladies, made their awards on appearance 20; crumb 30; flavor 35; weight 15. The first prize scored 99 points. It was an interesting contest and resulted in much good to those taking part as well as to the lookers on."

Fred Ellis Barcroft passed away Saturday evening in Kansas City, Mo. after an illness of several months with tuberculosis. He was born in Jacksonville Dec. 9, 1878, the son of William Lee and Anna Gruber Barcroft and was a resident of this city until eight years ago, when he took employment with the Tuxedo Tobacco Co. as a traveling salesman and removed to Chicago. He was married last September and has since made Kansas City his home. Mr. Barcroft was a man of ability, affable and well liked, and his death will cause shock to many friends and former associates. Surviving are his brother and sister Lee Barcroft of Peoria and Mrs. Clyde Singley of this city.

The body arrived from Kansas City this morning at 2 o'clock and was taken to the sister's residence, 719 East State street. Funeral services will be held at Mrs. Singley's home Wednesday forenoon at 10 o'clock. The Rev. Myron L. Pontius, pastor of Central Christian church, will be in charge and burial will be made in Jacksonville cemetery.

Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

DEATH CAME TO MRS. DUCKELS : MONDAY IN SAN ANTONIO

Had Spent Winter in South for Benefit of Her Health—Funeral in Virden.

A telegram received Monday by George Ball of Caldwell street brought information of the death of Mrs. Henrietta Duckels at San Antonio, Tex. The telegram was from Miss Nellie S. Duckels, who had been in Texas with her mother during the winter season. Some days ago Mr. Ball received a message stating that Mrs. Duckels was in a serious condition and the news of her death yesterday was therefore not unexpected. Mrs. Duckels had been a resident of Jacksonville for about twenty years, having come to this city from Virden. About five years ago, she suffered a stroke of paralysis, from which she partially recovered and since that time she has spent the summers at her home in this city and the remainder of the year in San Antonio, Tex., on account of the milder climate of that state. Mrs. Duckels had for a great many years been a member of the Presbyterian church in Virden, and was a woman of strong character. Her devotion to her family and church were such as to give her a high place in the estimate of those who knew her best. Her husband, Thomas Duckels, died several years ago, and she is survived by her daughter, Miss Nellie S. Duckels, and by one son, Neil Duckels of San Monica, Calif. She was about seventy-one years of age and was born near Kemper, the daughter of Mr. and Mrs. Benjamin Saunders. In addition to the two children mentioned, she is survived by one brother whose home is in California.

According to the information received by Mr. Ball, the funeral will be held in Virden Wednesday and the services will be at the Christian church there.

PASSAVANT HOSPITAL CAMPAIGN TO BE THIS FALL

A Grand Effort to Raise Money for Much Needed Buildings and Improvements.

The latter part of the present year the managers of Passavant hospital have named as a time for a grand campaign to raise funds for a much needed building and various additions to the plant. It is needless to dilate on the noble work done by that institution and the great need of better equipment. The present facilities are quite inadequate for the work of the hospital and it would seem as if there would be found persons in this city and vicinity who would be glad to aid such a worthy project.

THANKS EXPRESSED.

At a special called meeting Board Free Kindergarten held Monday, April 19, it was unanimously voted to extend most cordial thanks to all those who so generously gave of time and effort in making the play of last Friday night, such a decided success. Especially would thanks go out to the kindly public who filled the opera house and gave unstinted measure of their appreciation and support. To those who contributed in special ways are mentioned, Mr. W. S. Ehrie, Mrs. J. Marshall, Mr. S. Ehrie, J. W. Marshall, (the Wabash Agent), Hoffman Lunch Room, James McGinnis, M. E. Gilbert, Ayers National Bank, Dunlap Hotel, Ralph Dunlap, William Floreth, A. R. Sayer, Western Union Telegraph Co. To these kind friends of the kindergarten and to all the board extends heartfelt thanks. (Signed)

A HIGH TONED TRAMP.

A few days ago a tramp called at the residence of a well known citizen of this city and made an humble petition for something to eat. The lady of the house eyed him closely saying:

"I think I have seen you before, have I not?"

"I don't know that you have."

"Were you not in this place a year ago?"

"I guess I was."

"Yes, and you called here then for something to eat. Haven't you been able all that time to get work?"

"Yes, I got work with some tight fisted farmers and quit."

"What did they pay you?"

"Only \$35.00 a month and I had to work hard, too."

"Didn't they give you enough to eat?"

"Yes; but I had to work too hard; a man with any self respect wouldn't work for \$35.00 a month; I live better this way."

It is needless to add that the knight of the road had to pass on to different quarters.

A Vote For Humanity.

A vote today in favor of the proposed levying of a one-mill tax to raise a fund for use in the fight against tuberculosis will be a vote well cast. A one-mill tax will not make a burden on any property holder, and even this sum will not make it possible to do nearly all the work that it is highly desirable to undertake. There are many children in Jacksonville with tubercular tendencies who could not be cared for this year in the open air school because the facilities were not large enough. Humanity and good business judgment both argue in favor of the proposed tax.

FUNERAL NOTICE.

EUROPEAN WAR NOTES

Vienna, April 19.—via London, (7:20 p. m.)—The Austrian war department today gave out the following official statement:

"In Russian Poland and in West Galicia there were no particular events."

"In the Carpathians with the exception of unimportant fighting in the wooded mountains, in which we captured 127 Russians, the situation was quiet."

"In Southeast Galicia isolated artillery combats took place."

London, April 19.—(7:50 p. m.)—The following official statement was issued tonight at the war office:

"A successful action commencing on the evening of the 17th, culminated last night in the capture and complete occupation of an important point known as Hill 69, which lies about two miles south of Zillebke, to the east of Ypres. This hill dominates the country to the north and northwest. The successful explosion of a mine under the hill commenced the operations and many Germans were killed and 150 prisoners were captured including an officer."

"At daybreak of the 18th, the Germans attempted a counter attack but were repulsed."

"Desperate efforts were made all day yesterday by Germans to recover the hill but they were everywhere repulsed with great loss. In front of the captured position upon which we are now consolidated in strength hundreds of dead are lying."

"Yesterday two more German aeroplanes were brought down in this area. Since the 15th, instant, the total loss to the enemy is five aeroplanes."

Petrograd, via London, April 18.—(8:16 p. m.)—The Russian army headquarters tonight gave out the following official statement:

"On Sunday night the enemy suffered great losses in a further attack on our troops on the heights of Telepoch (in the Carpathian mountains). By a counter attack we forced the enemy to evacuate the approaches to our position and we captured an Austrian battalion which surrendered en bloc."

"It is confirmed that on April 16th when we captured a height to the southwest of the village of Polen we took 1,155 men and more than twenty officers. We also captured six machine guns."

"On April 17th, we repulsed two fresh attacks in the direction of Strzy. In other sectors along the front there was no change."

Washington, April 18.—General Villa evacuated yesterday from Irapuato to Aguas Calientes with fourteen troop trains, according to official despatches late today to the state department. Villa announced the reports say, that he would reorganize his forces at Aguas Calientes for another attack upon General Obregon in the vicinity of Celaya. His losses in the recent assault on Celaya are estimated officially at 6,000 men. Obregon's losses are unknown.

Paris, via London, April 19.—(11:34 p. m.)—The following official statement was issued by the war office tonight:

"At 3:30 o'clock this morning a German counter-attack at LesEpergnes was completely repulsed. In the Montmore wood an infantry action without appreciable result on either side occurred. In the region of Reigneville there was a somewhat violent artillery duel in which we gained a clear advantage. In the Vosges our attacks carried out on both banks of the Fecht river received in a further advance by forcing the enemy to evacuate precipitately Edelbrucke, above Metzeral, where he abandoned a large amount of material."

"The French aviator, Lieutenant Garros, was forced to alight at Ingelmeuster, about seven miles north of Contrail, yesterday evening and was taken prisoner."

Two of the driest years of the city's history passed without anyone being limited as to the amount of water used. Not a bad record for Brennan. A vote for him means a continuance of efficiency. First commissioner's name on the ballot. (Adv.)

\$16,000,000 WILL CASE UP.

St. Louis, Mo., April 19.—When the famous will contest over the \$16,000,000 estate of the late James Campbell, railroad magnate and financier of St. Louis and New York, is resumed here, it is expected that the decision of Circuit Court Justice Hennings that Mrs. Lois Ann Burkham is the legal daughter of the Campbell will have a bearing sufficient to sustain the will. Relatives of the late financier attacked the validity of the will which provided a share of the fortune to Mrs. Burkham, questioning the legal standing of the woman who claimed to be his daughter. After a bitter hearing in the local courts last month, Judge Hennings decided that Mrs. Burkham was the daughter of Campbell. Mrs. Campbell an able nurse who attended her when the child was born in the Grand Union Hotel, New York, appeared in court and testified to circumstances surrounding the birth of the daughter to Campbell.

POLLING PLACE DISCUSSED AT COUNCIL SESSION

Decision is that Number Seven Will Remain at Court House Location.

At the city council session Monday morning the ordinance providing for the vacating of a certain tract of land in Diamond Grove cemetery was given a second reading and adopted. The only other matter discussed was with reference to changing the polling place in district No. 7. Mr. Newman said that he believed there was a possibility of the legality of the election being contested if the present plan was followed and the voting in district No. 7 done in the court house instead of the David Prince school. He said that the clerk had posted notices calling the election at the school building and that in view of this fact, notwithstanding that the judges had held the registrations at the court house, that he believed the change should be made. City Clerk R. L. Pratt asked City Attorney Thompson to explain the matter from his view point. Mr. Thompson said that in view of all the facts connected with the matter that he believed there would be less danger of controversy or trouble in proceeding to have the election at the court house as originally planned. This polling place was designated in the ordinance and although power was given by the council to Mr. Newman to select another location, the election officials declined to make the change and proceeded to hold registration both days at the court house. It might be possible for the council to remove the judges and appoint others but the city attorney was of the opinion that it would be practically impossible to change the polling place in the district at this time.

BLOOD WILL TELL.

Paris, Feb. 20.—Many young men have been lost in France by the fact that their blood was out of order and impure when they started out in this campaign as soldiers at the front. Many of them never reached the battle line because they were taken back sick in camp, due to stomach and bowel troubles, and with blood powerless to resist. Young men and old men in America should be just as watchful of their blood to see that it is pure, that their stomach is acting well and the liver active.

It takes lots of vitality, nervous force and strength to win a race. Blood must be pure and good.

Keep the nerves nourished, the heart strong, the head cool, the stomach vigorous, the liver active with a tonic which has stood the test of time and has a wide reputation, such as Doctor Pierce's Golden Medical Discovery. It is the world's great Blood Purifier; it enters joints, dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, backache over the kidneys, nasal or other Catarrh, steady nerves or unsightly skin, get Dr. Pierce's Golden Medical Discovery today and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.—Adv.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If Tongue is Coated Give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or feel naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother. See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Chicago, April 19.—William's double following Saier's single and steal of second base gave Chicago a victory over Pittsburgh.

The locals played a hard uphill battle. They bunched hits in the fifth and drove Kantlehner from the mound. In the seventh they forged ahead of the visitors when Saier's triple sent two runs home but were tied again in the eighth.

HEAR DEBT CASE OF TWO VIRGINIANS.

Washington, April 19.—Hearing is set for today in the United States Supreme Court on the bill of exceptions filed by Attorney General Lily of West Virginia in the famous Virginia debt case. West Virginia contends that the master who heard the case should not have held West Virginia liable for interest on its share of the old Virginia debt from 1861, and that valuation of stocks held by Virginia at separation of the two states should have been based only on the "book" value instead of an average of the "book" and "dividend" values.

A Lad's Voyage to America

The last issue of the Institution Quarterly published by the State Board of Administration and other bodies gives space to the following story written by Ladislaw Chary, a deaf boy, in the Illinois State School for the Deaf, at Jacksonville. He is a native of Warsaw, Poland, and came to America when he was a lad. He lost his hearing when he was seven years of age. This story appears just as he submitted it to his teacher in the school.

Once I and my family lived in Warsaw, Russia. I liked to live there. I had many friends and relatives there but in 1904 my father lost his work because many factories were closed on account of strike.

My father searched for work in every city and town near Warsaw but did not find any, so he decided to come to the United States. But my father did not have enough money for us all, so he went first and we stayed in Warsaw.

We had some friends in America, who went from Russia some years before I was born. They welcomed my father, when he reached the United States.

After some days in a factory in Philadelphia he worked and saved some money for us to come to America. When he earned enough, he sent it to my mother.

I was very excited to leave Russia. We packed our trunks and sold everything that was not needed. When we were going to the depot to leave Warsaw, many of our friends and relatives followed us. Then we said goodbye to them all. Then the train rushed out of the depot. We were sad to leave our friends behind.

When we reached the boundary line between Russia and Germany we had to stay for a few days until the Russian government allowed us to cross the border and leave Russia.

When we got into Germany we got again on the train. It took us to Berlin. Here we stayed four days. I liked there and wanted to stay once more, but the ship for America was to leave Germany soon. So we left Berlin and went to Hamburg. There we bought tickets to pay our fare to America.

On July 12, 1906 we got into a small steamboat. It carried us to a large one. Before we got on it we were examined if we were well. And they searched in our trunks. But we were all right and they allowed us to get on the large ship. It was a large ship. Its name was Bremen.

When it began to sail many people waved their handkerchiefs and hats. It sailed north and then west. After two days, it reached the English Channel and stopped there. Then more small steamboats came and brought more people. The next morning it rushed to sail again. It sailed through the English Channel.

LITTLE INDIAN.

R. E. Fanning was a Tuesday visitor in Jacksonville.

Then there was nothing to see but water, sky and the ship, in which we sailed.

I was a little afraid. But the next day, I played with the other children on the deck.

Every day the doctor looked if we were well.

After we were sailing four days. There was a storm on the sea. Many people went into their cabins. Some were frightened and many of them were sea sick. But I was well. The waves were tossing the ship. But I liked this and enjoyed while the ship was rocking. The storm lasted about two hours. It was not a big storm.

The next day the sun shone bright and it looked pleasant. Many people stood on sides of the ship and looked out on the sea.

They saw many fishes jumping up from the water in the sea.

The next day another storm came up. It was worse than the first storm. The waves were very big. The waves were so high on every side of the ship that it seemed to me as if the ship was in a ditch. The waves dashed on the deck of the ship.

The sailors were working hard keeping the water out of the deck.

Soon the storm cleared away and there were no more storms during our voyage. We were on the sea almost eight days.

In the morning of July 26, 1906, we saw many ships sailing not far away and about at noon we saw land.

Many people cried, "America" in different languages. They were very glad to reach the United States safely. When the ship was entering the New York harbor, we saw the Statue of Liberty. It was very big. Many people waved their hats and handkerchiefs as the ship passed the Statue of Liberty.

The ship first sailed to a small island near New York City.

There we were again examined if we were well and they searched our trunks and clothing again.

When they found that we were all right they gave us a card which allowed us to get in the United States. The next morning we got on the elevated train in New York City and it carried us to the railroad station. While we were on the elevated train I had many interesting things to see. I saw many high buildings and beautiful squares. The streets were crowded and busy.

We got on the train in the morning and it took us to Philadelphia. We reached Philadelphia at noon. When we got off the train I met my father. We were very happy.

But the climate seemed to me as if there was no air.

I saw many interesting things in Philadelphia, when I went with my father to walk.

When I left Russia, the cars were drawn by horses in Warsaw, but here there were electric cars.

I did not feel lonesome in Philadelphia for two months.

"We Deliver the Goods"

INTERESTING SERMON FROM "THROUGH THE BIBLE" SERIES

Another interesting sermon was delivered by the Rev. Percy W. Stephens at the First Baptist church on Sunday morning last in connection with the "Through the Bible" series of sermons now being given. The large colored diagram adds greatly to the fascination and interest of the sermons. Mr. Stephens announced that those who desired small copies of the chart could secure them at Armstrong's Book store on West State street.

Next Sunday the subject will be "The History of the Jewish Nation B. C." at which time the location of the lost tribes of Israel will be discussed. Many think that we are these missing tribes, while others think they have been merged into the Irish race.

The subject on Sunday last was the ethnological period of human existence, and covered a period of about 427 years from Noah to Abraham.

After speaking about the main events recorded in the Bible connected with that period of time, which is generally "The Second Dispensation" since the fall of man—the speaker referred to Genesis chapters 10 and 11, the first of which chapters he said was regarded by eminent ethnographers as being the most reliable chart of the origin of the nations of the world that we have. This chapter gives the division of the sons of Noah. It was seen that the descendants of Ham who was cursed because he mocked his father's sin, went south and west, and are amongst other races the Africans, the Negro and Ebo-

plan. The sons of Shem who were so richly blessed, though "dwelling in tents" went east and south and became part of the Asiatics, including the Jew. The sons of Japhet went north and west and formed the European nations, becoming the great colonizers of the world in fulfillment of the prophet's meaning of Japhet which is "enlarged." It is generally accepted that we are descendants of Japhet.

The cause of this dispersion and confusion of tongues is found in Genesis Chapter 11. The reason being through the desire for centralization, instead of expansion in obedience to the divine command. The inhabitants of the earth, under the leadership of apostate Nimrod sought to make a huge tower, the Tower of Babel "lest they should be scattered abroad," and many believe this tower to have been pyramidal in shape, larger than the Egyptian pyramids and to be used as a shrine for the worship of heathen Gods.

There will be one tongue in heaven, Mr. Stephens pointed out, and hence the curse of Babel will be forever removed from our celestial home.

Y.M.C.A.'S THROUGHOUT SOUTHLAND

LIVING MEMORIAL FOR J. V. READ

Justus Vinton Read was born January 3, 1852 in Chautauque county, New York, and died in Atlanta, Ga., April 17, 1915.

While still very young he came with his father, Rev. Charles Bennett Read, a Baptist minister to Winchester, Illinois. When only twelve years old both his father and mother died, leaving him to be the main support of a sister and an invalid brother. He began work at once as an under clerk in a drug store at Winchester, but soon removed to Jacksonville and clerked for several years, first in the old Hockenbush drug store and later for Johnson Hatch. During three years he was an ardent student.

While his previous education had been very limited his deep religious nature made him pursue the studies of Greek and Hebrew and at an early age he had mastered through night study, both these old languages and had read his Bible through in both.

About the year 1873 he bought an interest with Judson Goltra in the old Goltra hat store, which for several years bore the names of Goltra and Read. On December 29, 1874 he married Clara Lee Woods, daughter of Abraham C. Woods of Jacksonville, and began housekeeping on Prairie street, later building on South Main street.

The fortieth anniversary of their wedding was celebrated last December.

Begins Association Work.

Mr. Read was always interested in the construction of the things he worked with and in 1880 he went to St. Louis where he became a partner in the Schiller Hat Mfg. Co. About this time his enthusiasm in religious work turned him toward the Young Men's Christian Association movement which soon became his life work. Within a year he accepted a call as general secretary at Bloomington, Illinois, and excepting two short intervals his entire life from this time was ardently devoted to this work.

He was an evangelist by nature, a Puritan in his belief and personal life and had he followed his inclination would have devoted his entire time to the spiritual side of Y. M. C. A. work. In fact, long before he was known for his more material work his "Outlines for Bible Study" were in use all over the country. His constant belief was that the spiritual work of the association should come before the physical and material. He always openly opposed making the Y. M. C. A. a club in any ordinary sense, yet he proved himself so efficient as an organizer and financial secretary, that this most distasteful and least honored labor was soon thrust more and more upon him.

The first monument to his efficiency in this side of the work is the beautiful brownstone building at Tenth and Mary Place, Minneapolis, erected thirty years ago.

The Call From the South.

When the call came from Georgia and Florida sixteen years ago, the associations of those states seemed to be fighting a losing battle. Many

were so far behind in their finances that there seemed no way out, some had actually locked their doors, and other large cities that needed the work sorely saw no chance for such a "losing game."

At the simple memorial services that were held at the Ponce de Leon Avenue Baptist church in Atlanta last Sunday afternoon, fifty prominent association men, general secretaries from Georgia, Florida and Alabama, members of the International committee, members of the State committee and of the railroad branch of the Y. M. C. A., attended in a body, and one by one told of the inspiration Justus V. Read had given to the association work of the South and material results of his sixteen years of arduous, but continuous labor—labor that never spared his own physical body but which saw far into the future and trusted God and hard work for the present.

A score of magnificent new buildings erected in Georgia and Florida, modern, complete and fully paid for were the more visible results of his work. As Abraham could be traced up and down Palestine by the altars he erected, so the paths of J. V. Read can be traced through Georgia and Florida by the Temples he caused to be erected.

The beautiful Y. M. C. A. building at Jacksonville, Fla., was one of his first achievements in the South, a building that the citizens are very proud of. Then followed rapidly the structures at St. Augustine, Tampa, Pensacola and Orlando, Fla., and Atlanta, Savannah, Athens, Augusta, Columbus, Thomasville, Waycross and Macon, Ga., with many others under way. But best of all from his viewpoint, each was manned by an efficient and earnest group of workers with the best interests of young men at heart.

And not the least arduous part of his work was that of stimulating and supporting the courage and efficiency of this organization. Whenever the outlook seemed dark to any of them J. V. Read was the man called on and he always came. And it was during an effort to answer one of these calls that there came the first warning of the danger of this constant strain.

A call came on Saturday afternoon, April tenth, and though very tired and in need of a Sunday's rest, he packed his little grip and started for the train. A seizure at his heart compelled him to return and summon a doctor who prescribed absolute rest. He remained at home several days but could not resist temptation to complete a few of the many things waiting for him at his desk, and on

Friday the sixteenth, spent the day at his work. That night he went to sleep apparently feeling much better, but passed on to his final rest without awakening.

Samuel Wilcox of Alexander was a visitor in the city Monday.

WORLD'S MARKET NEWS

STEEL SETBACK CAUSES LOSS OF PART OF INVESTMENT STOCK GAINS

General List Makes Some Recovery From the Low Levels Touched in the Final Hour, But the Market's Tone at the End Was Irregular.

New York, April 19.—Investment stocks rose 3 to 5 points in the first four hours of today's record-breaking session, but lost a considerable part of their gains in the final hour when United States steel fell back four points on an advisory trade statement issued by its chief executive.

Steel had led the early advance, not so much in actual gain as in its activity and its leadership was accepted as further proof of the inherent strength of the speculative situation. On its decline in the late trading it carried other seasoned shares down two to four points, obliterating some of the gains.

The general list made some recovery from the low levels touched in the final hour but the markets' tone at the end was irregular and confusing.

Erstwhile war specialties, with a few exceptions, were relegated to positions of secondary importance throughout the session. New York Airbrake and several other equipment issues yielding much of last week's gains.

Not all the specialties were sent to the rear—however, as was seen in the further phenomenal rise in Mexican Petroleum, with a sympathetic advance in Texas company.

American woolen also gained five points on rumors of additional war orders.

Among the better known shares the coppers held rather more constantly than any others their strength being accompanied by another rise in the refined metal. Rock Island was almost the only railway stock to hold back throughout losing 3 1/2 points.

All general news of the day which included railway advances from the west, pointing to a moderate reduction of the tonnage movement and some firmness in exchange Germany was ignored in the day's feverish market movements. Total sales of stocks amounted to almost 1,500,000 shares, exceeding all records since 1911.

MRS. JULIA C. MALONE DIES
AT HOME NEAR ARENZVILLE

Passes Away at the Residence of her Son-in-law Dr. G. W. Crum at the age of Eighty-four Years.

Mrs. Julia C. Malone, widow of the late Dr. D. R. Malone, died Monday morning at 8:30 o'clock following an illness of several weeks.

Her maiden name was Julia C. Yerkes and she was born in Damascus, Pa., Jan. 17, 1831. When a small child she moved with her parents from the east to Evansville, Ind., then a small village. She was married to Dr. D. R. Malone, Aug. 16, 1849.

To this union were born six children, one of whom, Mrs. Emma D. McCurdy of Princeton, Ind., survives. When eleven years old she united with the M. E. church. In 1851 she united with the Christian church and remained a faithful member until death. She has been a member of the Central Christian church at Jacksonville since Jan. 1866. As long as health and strength permitted she was a faithful worker in the church, Bible school and missionary society.

For several years she has made her home with her son-in-law, Dr. G. W. Crum and grand-daughter, Mrs. Cora Greeley and family, where all that loving hands could do was done to make her comfortable and happy.

She leaves two sisters, Mrs. C. R. Howe, of Princeton, Ind., and Mrs. L. F. Hauss of Mt. Vernon, Ill., and a host of loving friends who sorrow not without hope "She being dead yet speaketh."

The funeral will be held Wednesday morning at 9:30 from the home of Dr. G. W. Crum, five miles east of Arenzville, in charge of Rev. Myron L. Pontius of the Central Christian church. Interment will be made in Union cemetery.

Fifteen months of well lighted streets should be remembered by the ladies on election day, and a vote cast by them for Brennan means a continuance of the desirable conditions.—(Adv.)

TRACK MEET ARRANGED WITH
SPRINGFIELD HIGH SCHOOL

Through negotiations made Monday Jacksonville High school is to have a dual track meet with Springfield High school next Saturday on the Springfield track. It had been previously arranged for Springfield to come here on that date when it was learned that Illinois college had a game of baseball scheduled for that afternoon. Springfield made concessions in order for the team to go there. Coach Buland will probably take over a dozen men and from the showing at White Hall ought to give the Capital City a good run for the honors. Springfield has two strong teams in the field.

ACCIDENTAL SHOT BRINGS DEATH
TO ARCHIE LUCAS OF NAPLES

Eight-year-old Son of Mr. and Mrs. Henry Lucas Succumbs to Wound From Shotgun Held in Hands of Older Brother.

Archie Lucas, eight year old son of Mr. and Mrs. Henry Lucas of Naples, died Monday afternoon at 3:45 o'clock as a result of an accidental shooting which took place at his home Sunday evening at 7:30 o'clock. Edward Lucas, brother of the deceased, had just come in from a hunting trip and was in the act of extracting shells from his No. 12 gauge Stevens repeating shotgun. The safety lock, it chanced, was not properly pushed in and the piece was discharged, sending two loads into the left leg of Archie Lucas and slightly wounding two other brothers, who were also in the room. One of these, 10 years old, received a wound in the instep and another older received a slight flesh wound in the side. Edward Lucas fainted when he saw the consequences of the shots.

Dr. Edward Canatsey of Bluffs was called and he after giving attention to the wound and finding the bone to be badly shattered recommended that the boy be taken at once to the hospital. Carl Ritter volunteered the use of his auto and the boy was brought to Passavant hospital, accompanied by the father of the two boys, Henry Lucas and John Ritter and by Vernon Quintal. Surgical attention was given by Dr. Carl E. Black.

The boy is survived by his parents and by five brothers, Harry, Arthur, Merle, Loren and Edward Lucas. An inquest will be held this morning at nine o'clock and funeral announcement will be made at a later date.

SOCIAL EVENTS.

Party in Honor
of Their Guest.

Mr. and Mrs. Frank Votsmier entertained about thirty young folks at a party at their home, one mile north of Ashland recently in honor of their guest, Miss Ethel Shirley. The company was also a treat for Miss Georgia Chapman, who has closed a very successful term of school and will soon go to her home near Virginia. Games and music afforded no little amusement for the merry crowd of young folks. Refreshments were served and all agreed to be included in the next company Mr. and Mrs. Votsmier may give.

Outing Enjoyed by
Solid Geometry Class.

The class in solid geometry at the high school, taught by Miss Ione Kuechler enjoyed a very delightful outing at Gravel Springs Monday evening. The class left the high school by automobile about 4:30 o'clock and after reaching their destination gave attention to hand ball and various other games and amusements, chief among them which was a tramp through the woods in search of flowers. The members of the class, in the course of their tramp, were put to no little trouble by the necessity of crossing a creek. A bridge was improvised however, at the teacher's suggestion, and the party pursued their way with little difficulty. A splendid supper was enjoyed on the return to camp and the picnic party returned to the city about eight o'clock.

For Mr. A. D. Gibson.

JOHN MILLS ATTACKED FAMILY
AND COMMITTED SUICIDE

Deaf Mute Formerly Resident Here Committed Crime in Los Angeles—Friends Believe He Was Demented.

A telegram from Los Angeles, Cal. printed in a Chicago paper tells of an attack made on his wife and daughter by John Mills, a deaf mute formerly resident here. Subsequently Mills jumped from the roof of an apartment building and was killed. According to the brief dispatch Mills made the attack with a hatchet and severely wounded both his wife and daughter.

Mills is well remembered by W. I. Tilton, John Harper and other Jacksonville residents. He and his wife before her marriage was Miss McWilliams of the Modesto neighborhood, where both students at the State School for the Deaf and were married about 25 years ago. Mills was employed as a carpenter by Woods & Montgomery. He left Jacksonville about 15 years ago for California where he is said to have prospered. He had been in ill health for more than a year and his friends here believe that he must have been insane when he attacked his family and ended his life.

The Butterick School of Dressmaking

JACKSONVILLE is going to have this year the prettiest and the smartest crop of Summer Frocks that ever bloomed hereabouts; and what is more, it's going to be at a very much smaller cost of production than a good many women ever dreamed could be accomplished—all of this, provided that Mrs. A. Milligan, here from New York, to tell us how it's done, has her way. If anybody in the world knows how to show a woman how to make the most of her best points, and how to offset the defects of her figure—if there are any—so that folks will forget they ever existed, it is Mrs. Milligan, for she has had oceans of experience in just this sort of thing, and she comes fresh from the Butterick School of Dressmaking in New York, where such things are being worked out daily, and where there isn't anything new in fashions on this side of the Atlantic or the other that is not immediately reported.

The school Mrs. Milligan is now conducting at Hillerby's store, is only one of many which the Butterick School of Dressmaking in New York sends to various cities every month. Mrs. Milligan has been here over a week already, and she leaves on the third of May. "Now that the first pupils are completing their gowns and showing them to their friends, she remarked, 'more and more women are asking for appointments. I am usually very busy the last two weeks of my stay in any city. I take as many pupils as I possibly can, but the number is limited, because each pupil must get individual instruction.'

We are showing a lot of pretty stuff too. There's a special lot of wash silks and silk stripes worth 50c per yard at a special price..... 29c yd

COLORADO AUTOISTS

WILL COME TODAY

Travelers Over Ocean to Ocean Route Expected at 4:30 O'clock—Whistle and Bells Will be Heard.

If road conditions remain unchanged, the party of autoists which left Colorado Springs last Wednesday for an inspection tour of the Pike's Peak Ocean to Ocean Highway, will arrive in Jacksonville this afternoon at 4:30 o'clock. The autoists taking part in this "sociability run" were moving according to schedule time yesterday, and information will be received by telegraph this morning as to whether or not they will reach Jacksonville about on time. Information of this fact will be spread abroad today if the party is on time by the ringing of the court house bell early in the afternoon. If this bell sounds local autoists will thus be advised that the party is nearing Jacksonville. In addition to the ringing of the bell, the fire whistle will blow for a few minutes when the party passes Chapin and as they near Jacksonville the bell will ring again and the whistle will blow. The cars of the visitors will be on the public square for about half an hour, and during that time members of party according to the present plan will make brief talks from the park pagoda. It is a fortunate happening that the Ocean to Ocean Highway is now marked clear from the eastern boundary of the county to a point several miles west of Jacksonville. All auto drivers who can do so are urgently requested to meet the travelers as they come into the city, and the public generally is invited to come to the square and join in a general welcome.

A free concert by Jeffries' band will be given in the park prior to the visitors' arrival. The band have donated their services to the Chamber of Commerce to help in entertaining the guests from the west and the concert at 4 o'clock will be a pleasing feature of the visit. Twenty-five autoists have signified their intention of meeting the party. They will leave Jacksonville at 3:30 o'clock and fall in behind the "Ocean to Ocean" tourists at Chapin.

A WOMAN DOCTOR

says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.—Advertisement.

JUDGE THOMSON FINDS BOOTLEGER IS GUILTY OF CHARGE

Jesse Ratliff Ordered to Jail and to Pay Fine of \$25—Detectives Gave Testimony.

In the county court Monday Judge Thompson heard the argument and evidence in the case of Jesse Ratliff, charged with selling liquor in anti-saloon territory. By agreement a jury was waived and the case heard by the court. The hearing occupied the greater part of the day, and at the conclusion Judge Thompson found the defendant guilty on one count of the indictment and innocent on the other four counts. Ratliff was committed to the county jail for thirty days and ordered to pay a fine of \$25 and costs. This was his first offense.

The evidence in the case was based upon the testimony of two witnesses, W. F. Young of Chicago, and George Moore, of Effingham, both of whom testified that they were detectives and that they were engaged to secure evidence against Ratliff. Young, who said he is a student at a Chicago law school, was at the time in the employ of the anti-saloon league. Both witnesses testified that they purchased bottles of beer at the home of Pete Haxton and that the beer was handed to them by Ratliff. The city's side of the case was handled by State's Attorney Tilton and J. O. Priest appeared in behalf of the defendant. The case of Herman Allen, also charged with selling liquor in anti-saloon territory, was set for Monday but W. N. Hairgrove, attorney for Allen, presented a letter from Dr. Wolfe stating that he was attending Allen and that the patient was not in a state of health to permit his coming into court at this time. Judge Thomson, however, stated that he was not satisfied with this showing and that it would be advisable for the attorney to secure an affidavit with reference to Allen's condition if a continuance was to be allowed. Subsequently Mr. Hairgrove brought in an affidavit signed by Allen himself in which he stated that he was in ill health and not in condition to stand trial at this time. On the showing the court entered an order of continuance.

Several cases were dismissed on the docket including a charge of wife abandonment against Frank Meneses and a charge of child abandonment against the same defendant. The case against Joseph and Irene Fortado, charged with selling liquor in anti-saloon territory, was dismissed, and a like order was entered in the case of Arthur Greenwood for child abandonment. The cases against George Birdsell and Thomas Wall, both charged with wife abandonment, were dismissed.
